“ I have considered Mike a best friend. I have known him for over 30 years and had a blast learning guitar with him at st Mary's glacier, we were close niebors and I was thoroughly bummed when Mike moved to Missouri, we helped each other with firewood, snow removal, and pulling people out when they would go off the side of his driveway. We laughed a lot and had a lot of fun. I did some cool taxidermy work for Mike including fixing his rattle head he wore proudly on his hat , love ya and gonna miss Mountain Mike.
