“ After hours of thinking of how to say this I have discovered word cannot express how much she touched my life. I went through my early life making lots of mistakes, Sue had no problem letting me know I was headed down the wrong road. That is one if thing I always respected her for. She was one of the best, loved with all she had. Dennis and family just know we may be miles apart but know ot a day goes by that I don't think of you. Love you all. Praying for God's hand to help you through this time of grief.

“ Heaven has gained a super lady. She was absolutely the best Director of Nursing that I ever had the privilege to work for. Firm, fair & consistent was a motto she lived by & I had all the respect in the world for her. My heart goes out to the family for their loss
