“ *My Aunt Betty was truly a tribute to our family, helping and loving, the most giving person I've ever known.*

*Aunt Betty was feisty sometimes and quietly sober when needed. The advise she gave was always to the point and accurate.*

*Aunt Betty is now with Uncle Joedd, the love of her life, and her sons, parents, relatives and friends.*

*She was a joy to have as an aunt (a cousin really) since I was born in 1944. She was a mother to me after my mother died which helped greatly. What better person could be found but Aunt Betty.*

*Tammy you knew it was time but the grief will still be great because you loved her so much. We give our deepest condolences to you, Helen and everyone who loved her.*
