Brandy Lee Barclay Allen, 41, of Tunas, MO, passed away September 30, 2018 at her home in Tunas, MO.

“ *When Brandy & I first saw each other it was at Hopewell. Our Husbands said Hey to each other & visited a minute after not having seen each other for a bit. I didn't know who she was, but I said, "nice hair." We both had perms, '80's type curls, not that high tho. We almost always have had our hair the same. That day she laughed & said back to me, "you too." & after that every time we each got a perm & our hair looked a little different we would look at each other from across a room & raise our eyebrows & laugh & shake our heads. See for so long straight hair has been "in," but we just didn't care because permed was what has been in for "us." Alot of times we were the only ones around with perms. Our kids have grown up in church together, at times being the only children in their church. The girls have become very close & they will probably always be friends. I have never seen Brandy w/o a hugh smile on her face. She passed that smile on to her daughter. That's how I will remember her & when I see Raegan smile, I will no doubt, see her.*

“ I have never met someone so nice from a child on. She was not a high school “mean” girl. In fact I don’t think she had a mean bone in her body! Her and Joe being Jr. High sweet hearts is something special. Brandy will be missed by all her family and many friends and co-workers. She touched everyone’s heart she came into contact with.
