“ My memories of Cathy: Cathy Vandenberg-Hill you were a phenomenal nurse....I would trust you with my life....and you were an even more phenomenal a person. You were one of the first to offer me friendship at CMH,taking my call when i was sick from chemotherapy. You could charm the orneriest patient with your loving self and have them doing what they needed to do. I LOVED your stories of your kids and grandkids,the farm and your animals. Your eyes would light up and you would GLOW especially talking about your grandkids!!! I will miss your sweet feisty soul,your smile and that cute giggle with a shrug and twinkle in your eye, my friend. RIP my precious friend I have NO DOUBT you are walking with God. I am praying for your family as I know you would have us do, as i know they were your primary concern as you were fighting this horrid disease. You,dear friend,will be GREATLY MISSED BY ALL OF US BLESSED TO HAVE KNOWN YOU. Ipray your family will be comforted by the memories you made with them for you surely cherished them.

“ *I'm so sorry to learn of Cathy's passing. I worked with her for many years, on the Medical-Surgical floor, in Outpatient Surgery, Endoscopy, and even "in the old days" as a chemotherapy nurse. We took our chemotherapy training together in St. Louis. That was a fun weekend. I will miss seeing her smiling face in the hallway at CMH.*

Cathy was always talking about her kids and grandkids. She was so proud of them! I know she will be missed by all of them.

Praying for strength, comfort and peace for her family.

“ I’ve worked with Cathy for the past six years at the surgery center. When I first started working there, Cathy and I discovered that we both graduated from nursing school the same year and have been nurses the same length of time, which is 28 years as of this year, 2022. She is a very genuine, caring and loving person and she will be so missed at work. Cathy and I share a lot of the same beliefs and I also appreciated that about her. We had a few opportunities to get together outside of work as friends and I wanted to share a few pictures with Cathy’s family that they have probably not seen before. The pictures with the little black dog was about a year ago when this little dog snuck into our building at work. Naturally, Cathy was the first person to snatch up the dog and love on it until the owner claimed it. Cathy loved her animals so much and was known for taking in injured animals or lost animals over the years. Her heart was so huge. The picture with the gentleman in the center was when our pulmonologist Dr. Wantuck retired. Cathy and I attended his retirement reception together in Springfield. The other photos are from a girls day out when a bunch of us attended the pulmonology Christmas party a few years back. Cathy, Tiffany and I went to see a movie after lunch that day. It was a fun day. My heart breaks for Cathy’s family. You all were her pride and joy and she talked about her grandkids all the time. She loved them so much. I just wanted to express my deepest sympathies to Cathy’s family. Although my heart feels so heavy, I do find comfort knowing that she is with our Lord in heaven. Rest In Peace, my friend.
