“ *I have had the pleasure of meeting Dolores at the age of 15 years old. She was a mom to me then as well as I dated her son Brian and was friends with her daughter Sabrina...she definitely had no problem letting us know when she disapproved of something we did, but she was also a very loving woman who would take care of us and let us know she was proud. Brian and I reconnected and she became a very important part of my life again. She is my mom...a woman with such a beautiful heart who would be there to help and support her family even if she did not agree with choices we made. I will always remember all the time we shared together. Her laugh, her smile, her love is so infectious, she will forever be missed...never forgotten always living in our hearts. I love you mama!*
