“ I was blessed to have met Geneva. Her sweet, but resilient and witty personality made every day special. She lived a long blessed life, with a wonderful family. Her son, Russ and daughter-in-law Judy would spend countless hours and days with her, and I know she appreciated that the most. Geneva has a special place in my heart by being one of the first residents and families that I got to know well. She sure will be missed, her ornery but lovable personality is something I will always remember.

“ I didn't know you personally... I only know you through the stories my best friend your beautiful great granddaughter (Natalie) shares w me... but she speaks so fondly of your life and the love you gave throughout your life that I know heaven is a little bit brighter with you in it. May you rest in peace and watch over us all Ms. Geneva. ❤️
