“ I really enjoyed the horses stories Larry and I swapped when I taught at Oak Ridge. He always had a kind word for everyone he met. When I wrote a recommendation to nominate him for employee of the month, he was too humble to even have his picture taken with his plaque he received.

“ I remember when we went trail riding To knob Noster which was our favorite and you were on May and she jumped straight over the creek. Some of the best memories I have Of you were trail riding and camping of course we did both all the time but they were some of the best times I had. When David and I stopped riding it was never the same.
