“ I have been thinking about all of the good times we had as cousins over the years. Your Dad, you, and Cheryl would come over for supper when your Mom would go on business trips. My Mom would fix spaghetti and us kids would have noodle slurping contests. Then we would play Monopoly into the wee hours of the night. I remember my husband and I being stationed in California. I went to the post office and when I came out there was Larry! I didn't know he was stationed there and he didn't know I was there. He used to pop in when he was driving his semi truck. It was always so good to see him. I didn't have any family members in Iowa so it was good when Larry would show up. We would talk about our lives, but the best part was having my family member to reminisce with. I hate that I can't be there. I send my love to Helen, Cheryl, and the whole family.
