“ I Met Marian at Cox hospital then Burge, We worked for 7 years together before I started working in dialysis. We were forever friends! I loved her so much. We had a special friendship. We stayed friends since 1971. We enjoyed each others company. So many good memories!! Jim did too.

We often took Marian with us to eat at the Yankee Peddler at the lake of the Ozark. Her memory was amazing and could remember details of our days working on D100. We laughed often. She use to bring the Buffalo news to work and read the obituaries to us. she say so and so got saved in the onion field planting onions.. I said does it really say that She? She said no she made that up 😊 She was a wonderful compassionate nurse. The Dr's loved her. She was my friend forever. I will miss her. Until we meet again in Heaven ❤️

When our daughter Lisa was 6 yrs old. We went to visit Don and Marian in Buffalo Mo. On the way home Lisa said Well, I didn't see one buffalo 😊

We still kept in touch all these years. I will miss her!
