“ I have know Nancy many years. We first met at ANPAC and worked together. She was almost always laughing and even when she grumbled she laughed. Back in 1996 Mancy and I had to to Houston Texas to testify on a fraud file. She was so keyed up about it she almost made herself sick but she was able to get through it. I loved her dearly.

When I first came to ANPAC, Nancy was there. She always made the work easier with her sense of humor and her real love of the work of adjusting claims. She sat to the side and sometimes to the front of me; so we were close. She helped me along the first couple of months to "get the hang" of it and was always there to listen to a story or be with me thru a personal tough time. Years after she retired, I saw her in the clinic where my husband was getting treatments. She was positive and enjoyed putting her puzzles together and well, just spreading a calmness over the whole area. We would private message on FB from time to time to stay connected. I will truly miss you Nancy and maybe now you can come visit me here on the Island. Prayers to the family for their loss.

Sending my deepest condolences to each of YOU... Nancy will be missed as she was such a special person... She seemed to glide down the halls of school... She always seemed to have a huge smile on her face and off to the next class... I know she is out of this earthly pain... Nancy for YOU to have NO pain will be wonderful... I am sure God has YOU wrapped in his loving arms... God Bless the whole family and keep them in his care... YOU know we all loved YOU so much... Take care all of YOU and just pretend she is right here with YOU... Love and Prayers to all of YOU...
