“ I'm going to miss our messages. We use to spend tons of time together and we were sisters by heart which is why it bothers me that I can't be there to say see you later. I love you Becky, and one day I'll see you on the other side. Give my little sisters and dad hugs for me. I am glad that you have no more pain & are reunited with your true Love, but I am also sad for the kids and grandkids. You are definitely going to be missed. Will laugh about the night John told us a 100 & short cigarette are the same and we laughed and laughed. I will also never forget the taco burgers you made!! Know you are very loved and missed sister friend.

“ *This is my mamma. She was one of kind human being. She would go out her way too make sure us kids had what we needed and would go without too see us happy. That's a strength I got from her. She has a big heart and a kind soul she loved everybody and she was a very Christian person she loved Jesus so I know in my heart that's where she's at even tho she will be missed down here I know she right where she wants too be. I love you mom always and forever. I will cherish our memories and everything you have taught me in life. Rip but please always watch over us!!!*
