“ This truly makes me sad and heart broken. I don't remember a time when you weren't in my life. From working with mom to working with me. I will always remember the laughs, jokes and your ornery streak, the long hours at work and you always making me laugh to make it through the day. Even after you left work any time you came in you would ask me if I was working or slacking, my answer was always slacking 🙄 just to make you laugh and you saying I know. I will cherish each and every memory I have of you. I hope you know how loved and missed you will be. I hope your resting comfortably up there. My thoughts and prayers go out to Ed and the rest of your family. We love you Becky. Rest in peace becky and don't forget to be ornery up there, until we met again. 🙏🥹🙏
