“ I will miss my brother so very much.... I have so many memories wouldn't even know where to begin. The summer I was like 10 and talked him into teaching me to ride his trail 70 (which had a clutch and gears to change) after my mom said you better not!!! Well needless to say I wore jeans for a month until my leg healed from the burn I got from popping the clutch and flipping it(so he didn't get in trouble for teaching me) I have been riding every since . Just one of manyLove you Terry.. Until we meet again.....
